#569 QUAD RAIL SYSTEM INSTALLATION GUIDE

Caution: Make sure firearm is not loaded. Remove magazine and examine chamber. Use safe handling procedures at all times.

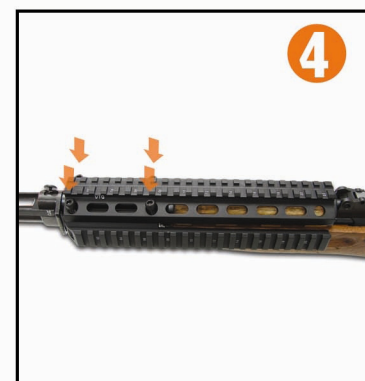

Take out the cleaning rod.

Fit the Lower Rail System from under the barrel as shown. Make sure the fit is even and level.

Fit the Upper Rail System onto the gas tube as shown. Make sure the 2 Connecting Walls of the Lower Rail System sit into the 2 Mating Channels of the Upper Rail System.

Tighten all 4 screws using the provided Allen wrench to secure the top and the bottom rail systems. The quad rail is now ready for most versatile accessory applications.
